VOLUME 28, No. 46 | CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA | FRIDAY, MAY 11, 1923

PRESAGES NEW ERA

NON-STOP FLIGHT OF GREAT SIGNIFICANCE

AVIATION'S BIG POSSIBILITIES

Visualized By Successful Coast to Coast Trip.---Commerce Greatly Benefitted

Washington.—Untold commercial and military possibilities has been opened by the successful non-stop transcontinental flight of the famous American aero twins, Lieutenants Kelly and MacReady, of the United States army, who spanned the continent in 26 hours 50 minutes 28 2-5 seconds from New York to San Diego. Officials of the government are already measuring the future significance of the event.

Three possible developments, with non-stop transcontinental flying now fact, are pointed out:

Twenty-four hour mail service from coast to coast. Prompt mobilization of a whole fleet of war planes at either coast or upon any other threatened frontier in the event of war. A vast benefit of commerce with many possibilities.

The air mail service has been planning a thirty-three hour mail service from New York to San Francisco to begin late this summer. Last week's accomplishment removed all doubt of its practicability .

Cold Water on Peace Offer

London.—No sooner had Germany brought forth the first official offer to effect peace in the Ruhr than authoritative intimations from French quarters threw cold water all over it and British government officials saw in it a distinct bid for American favor. France's reaction came almost instantaneously with the offer. Unofficial utterances from the Quai d'Orsay not only made it known that the proposal was unacceptable, but threats were forthcoming that France may march deeper into Germany.

Maimed Children in Jury Box

Detroit.—Twelve children injured in automobile accidents sat in the jury box while Judge Charles L. Bartlett sentence guilty speeders to jail. The children, the oldest not more than ten years, are patients at the receiving hospital. Nearly 200 speeders were arraigned. Twenty-eight were sent to jail with sentences ranging from two to sixty days, while fines imposed were from $50 to $200. Judge Bartlett declared he felt the presence of the injured children would make an impression on the speeders.

"Pussyfoot" to the Orient

Kansas City.—"Pussyfoot" Johnson disciple of world prohibition, has announced his intention to carry his campaign into the Orient, to compel European governments to recognize the temperance preachments of the Mohammedans, the Hindus and Buddhists." Johnson said he had arranged conferences with Moslem leaders in Cairo, Constantinople, Angora and Jerusalem.

Woman Hanged in Canada

Fort Saskatchewan.—Florence Lassandra, the first woman hanged in Canada in twenty-four years and one of the few ever hanged on the North American continent has been convicted of complicity in the murder of Constable Lawson of Crows Nest Pass, Alberta. Before the trap was sprung Mrs. Lassandra confessed that she had fired the first of the shots which killed Lawson.

Bank Plunger Denied Freedom

San Francisco.—Parole application of Mont Berg, former Plumas county bank president whose operations are said to have cost financial institutions $250,000 and who was convicted of embezzlement two years ago, was denied by the state prison board, which fixed Berg's sentence at seven years. Berg has served sixteen months of a sentence of from one to ten years.

Californians on Mission Board

New York.—The personnel of the new board of national missions of the Presbyterian church includes fifteen women. The list includes J. Willis Baer, Pasadena; Mrs. Lynn White, San Anselmo; Gene Gould, Seattle; Mrs. Harold L. Bowman, Portland; George E. Davis. Salt Lake City, and Mrs. H. H. Sellomridge, Colorado Springs.

Aviators Killed In Wreck

San Diego.—H. J. Erbkant and T. Tapman, aviation chief carpenter's mates, were killed near the San Miguel mountains while on a test flight. The men, who were from the North Island field, were crushed beneath the wreckage.

Berlin Plans New Offer

Berlin.—Germany will continue her efforts to bring about a new reparations conference, despite the unequivocal French refusal to even consider recent German note.

COAST TO COAST MAIL ROUTE

New York-California Air Line Is Planned to Set Up a New World Pace

Washington.—A coast to coast twenty-eight-hour mail service is the aim of the postoffice department in a new air service which will be started this summer. The department intends to set a new record for transportation and then to maintain it continuously.

Crack pilots in the speediest of plans on the new route will mark a milestone in the history of aviation. The schedule being worked out calls for an "unprecedented" amount of night flying. This will be necessary to make the twenty-eight-hour record.

The air mail will leave New York about noon. The first pilot will carry it to Chicago, reaching there before dark. Flying all night, another pilot will take it to Cheyenne, Wyo., reaching there about dawn. On the third and last relay, the mail will be freighted high above the summits of the Sierras and will be dropped in San Francisco before the end of the second day.

Powerful beacon lights and a thorough system of guide posts will mark a plain pathway for the fliers.

"Babe" May Prefer Charges

New York.—To support charges of conspiracy in the $50,000 suit against Babe Ruth by Miss Dolores Dixon, evidence was laid before the assistant district attorney by Ruth's attorney. Neither would say whether criminal charges were contemplated against the young woman, who unexpectedly dropped the suit when the matter came up in court. Included in the evidence was an alleged confession signed by Miss Dixon.

Peace Offer Ignored

Dublin.—Free state military headquarters are continuing its activities against the rebels, completely ignoring Eamonn de Valera's armistice proclamation ordering the Republican irregulars to cease hostilities. Free state troops in the west and south were ordered to continue their round-up of irregulars and to attack where the latter offer resistance.

Attempt to Hang Offender

Santa Rosa.—Frank Fisk, chicken rancher, narrowly escaped hanging by a mob of more than 100 men in the Cunningham district. Fisk was accused by neighbors with having been unduly familiar with three little girls, daughters of prominent Cunningham residents. Only the timely arrival of the sheriff and his deputies prevented the lynching.

Threatens Lausanne Parley

Lausanne.—The threat of a second disruption hangs over the Near East peace conference here. French and Turkish differences over the American Chester concession and the mobilization of troops along the Syrian border may produce as grave a crisis as did the quarrel over Mosul oil rights, which caused the break up of the first Lausanne gathering.

China Makes Settlement

Washington.—The Chinese legation announced receipt of an official cablegram stating an agreement had been reached by the government and the American minister for settlement of the killing of T. Charles Coltman, an American. This government demanded apologies, discipline of the sentries and idemnity for Coltman's family.

New War Threatens Turks

Constantinople.—A new Near East war is in the making. The Angora government has received communication from revolutionary Turks, Bulgarians and Macedonians declaring that they intend to "obtain by any means possible" the independence of Western Thrace. It is feared that the threat means a new reign of terror.

Women Killed In Irish Battle

Dublin.—Fifteen women and two soldiers were injured in a battle precipitated by an insurgent uprising. A bomb explosion in the Amiens street station caused most of the causualties When the Free State troops rushed to the scene they were met with a volley of rifle shots by the irregulars.

For a Cleaner Press

Baltimore.—Clubwomen of this city have undertaken a campaign for the suppression of sensational news in the daily press and for the promotion of cleanliness and dependability in Baltimore newspapers.

Cigaret Production Jumps

New York.—Production of cigarets took a big jump in March, when 5,044,748,615 were made in the United States, compared with 3,637,464,461 for the same period last year.

Guard Kills I. W. W. Picket

Seattle.—The first fatality in the strike of 30,000 lumber workers was at Aberdeen, where an I. W. W. picket was shot and instantly killed by a Bay City mill strike guard.

CALIFORNIA BRIEFS

ITEMS OF GENERAL INTEREST FROM OVER THE STATE

Fred Tremaine, father of Alberta Meadows, victim of the hammer wielded by Clara Phillips was found guilty of petty larceny by Los Angeles police judge.

Pledges of active participation on the big tri-county Peninsula Pageant of Progress and fair, to be held at San Carlos, May 26 to June 3, continue to come from all sections of the peninsula.

Alameda has indorsed a bond issue of $750,000 to finance the construction of a new high school. The vote stood 4681 and 632. About 40 per cent of the registered voters, totalling 12,700 went to the polls.

The strike of the San Francisco building material teamsters terminated with complete victory for the teamsters and the industrial association and defeat for the builders' exchange.

Because of many conflicting statements concerning candidates for postmaster at Vallejo, Herbert A. Filer, chief examiner of the United States Civil Service commission, will make a personal investigation.

Olive growers and packers, members of two California olive growers associations, will hold a convention in Hilgard hall, on the University of California campus, Berkeley, May 15 and 16.

Twelve sticks of dynamite were found in the hold of the dismantled bark James Nesmith, lying in the Oakland estuary for several years past. The cache was discovered by a workman, who reported the presence of the explosive to the police.

Clarence Lane, former world's champion sprint swimmer for distances up to forty yards, staged a real comeback to Sutro Baths, San Francisco, when he flashed through the water in the Pacific association's 50-yard swimming event in twenty-four seconds .

The railroad commission has forwarded a request to the interstate commerce commission for an early hearing in San Francisco on the question of repeal of the Pullman surcharge. Pullman traffic in California exceeded more than 500,000 passengers in 1921.

More than 200 animals and birds, including cats, dogs, horses, goats, pigs, parrots, frogs and pollywogs, were entered in the seventh annual pet show held at the Pasadena Polytechnic elementary school under the auspices of the Pasadena Boy Scouts, troop 5.

Fresh complicatjons were added to the worries of Richard P. Collins, baseball-playing "sheik of Ontario," now in the Orange county jail to await trial on a charge of bigamy, when, like a ghost from the past, yet a third wife stalked back into the life of the 22-year-old youth.

From Orange comes the report that too much ambition cost an energetic pullet her life after laying four eggs weighing slightly more than a pound. She was the property of Mrs. H. Barrien. The four eggs contained only one yolk apiece and conformed in everything save sizs to a normal egg.

Miss Leland Small was searched for 25 cents in the presence of employees and customers at the Metropolitan 5-to-10-cents store, San Jose, where she was clerking when the money was reported missing. She has filed suit for $20,000 against the firm and the manager for false accusation.

The corner of Central avenue and Lime streets, Sierra Madra, recently purchased by S. R. Norris shows in the deed and county records to be fifty feet wide. The city map and actual measurements of the lot show but forty-eight feet. For the past week city officials, mathematicians, and property owners have been out with their yard sticks and measuring tapes endeavoring to find the missing land.

Thomas Walton and S. P. Burt, convicts who escaped from San Quentin prison last January, are believed to have been the men who recently kidnapped a girl near Rosalie, Wash., and shot Deputy Sheriff George Cashett of Spokane when he attempted to arrest them. The convicts were traced (by means of automobiles they stole) from the prison to Modesto, then to Riverside, and then to Rosalie, where the machine they stole in Riverside was found.

Andre Crist danced 122 hours at Modesto. He claims the long distance dancing record in an open hall.

Despondency is believed to have impelled George Dixon, age 67, sign painter of San Jose, to drink poison.

Susanville now has a woman mayor, Mrs. Gladys Burroughs, wife of Superior Judge H. O. Burroughs, having been selected by her associates on the town board.

During the last ten years in Southern Oregon and Northern California the western pine beetle is estimated to have killed over $3,600,000 worth of merchantable pine timber.

P T A MEETS

Tuesday afternoon a very small number of mothers were present at the meeting of the High School P. T.A. but an interesting session was held.

Miss Johnson read the essay written by Maty Feathers on "What America Can Do for World Peace", which was awarded the five dollar cash prize given by the P. T. A.

In the absence of the newly elected President, Mrs. Louis Shelley who was attending the State P. T. A. Convention at Stockton, Mrs. Purmort presided.

Mrs. F. E. Duncan, who has been district Parliamentarian Chairman for the past two years gave a short report of the recent district convention at Hollister.

The report of Mrs. H. S. Young, captain of the Blues, showed a greater attendance of Reds for the year and a larger addition of new new members for the Blues, so that the averages were about equal, and the matter of entertainment was left in abeyance, but something will be forthcoming at the next meeting.

Other matters of interest pertaining to the school and students were discussed and a few suggestions made for next year's work.

VANDALS BUSY

A great many complaints are being voiced over acts of vandalism and destruction being perpetrated by a group of boys about Campbell. The matter of breaking of lights was taken up by the Improvement Club, as was also the turning off of the lights in the lobby of the Post Office and the destruction of equipment there. At the time of his last visit the postoffice inspector declared that any further trouble in the lobby would necessitate its being locked when the office force left at night. If the citizens cannot restrain the youth of the community it will be impossible to leave the doors open, altho it will greatly inconvenience many patrons.

Orchardists are complaining of the robbing of trees—the orange trees being denuded of their fruit, and there are threatenings of charges of salt or gun shot if need be to protect property.

Some of these youths are known and unless the parents can exercise proper control over them the law will intervene and take charge of them, putting them where they can't be nuisances to the public.

MEN WILL EAT

The Fathers and Sons Banquet, will be held Tuesday evening, May 15, at 6.30 o'clock at the Congregational church. This supper is for the men and boys of the community of all ages, designed to bring fathers and sons —real or adopted—into closer touch.

A program of singing and short talks by both men and boys and a general good time will follow the supper.

Tickets, 50c per plate. Those men who have no sons are urged to take some boy who otherswise could not go.

Awards Made

The winners of the awards in the recent essay contest on "What America Can Do for World Peace," written by the students of the C. U. H. S. were announced recently. The first reading of the essays was made by the various teachers and the final judging was done by Mrs. L. F. Shaw, Mrs. Ellen R. Smith, and J. D. Blaine, Miss Mary Feathers won the $5 prize given by the high school P. T. A., Richard Shelley, Grant Taylor and Irving Townsend received $2 each presented by the Growers' Bank, the Mercantile Trust Co., and the Society of Friends.

Mother's Day Cards at Smith's.

SCHOOL CAFETERIA PROVES POPULAR WITH CAMPBELL STUDENTS

The busiest spot in Campbell these days is the C. U. G. S. Cafeteria between the hours of 12 and 1 o'clock. Tuesday was the opening day and business began with a rush. Mr. Cuthbertson estimated that between 150 and 175 were served the first noon and many were turned away as food had run out.

Altho those in charge had made every effort to form estimates of the number of servings of the various items of the menu, demands were greatly in excess and and even on Wednesday when almost double quantities were provided, there was not enough soup altho ice cream was left over. However a little more time and experience will clear away that difficulty.

The dining room is very attractively decorated and well fitted—small white top tables at which six can be seated fill the room. On the opening day each of these was graced with a vase of sweet peas, the gracious gift of Mrs. E. J. Cuthbertson, a product of her flower garden. The walls of the room are done in white and pale buff with mottled tan dado.

The kitchen is very conveniently arranged and equipped. Behind the serving counter is a hot water table with a number of white enamel containers and a covered portion where meat platters can be kept hot.

There are dish cupboards containing dishes to serve 120 at one time, a large dish washing sink with hot and cold water. The gas range is of the newest type Garland, with steel top like any coal range and only small vent for gas, so that no flame is exposed. It has a large cooking surface and big oven so that it can be used to prepare quantities of food.

An automatic water heater which starts itself when the temperature of the water falls below a certain mark and shuts off the flame when it is again raised to proper heat, is another fine feature.

Mrs. Geo. T. Miller is in charge of th ecooking and of the kitchen and is being assisted by a committee from the Home and School Club. Those serving for this month are Mrs. C. H. Davidson, Mrs. W. H. Stray, and Mrs. G. E. Stallman.

It is the aim of those in charge to make no profit from the service, but merely to pay expenses or food supplies and labor . Several of the older girls are helping serve and wash dishes for their lunches, so that little paid help besides the manager will be needed.

With the experience and knowledge gained during the remaining few weeks of school, everything will be in full running order and well established to begin with the opening of the fall term.

CAMPBELL LIBRARY BOARD ELECTED

The Campbell Library Association held its annual meeting last Tuesday evening at the home of Mrs. Ellen R. Smith. Reports were heard from the treasurer, librarian and various committees. Several gifts of books from generous doners were reported accepted.

The Board of Directors was re-elected as follows:

J. F. Duncan, President; Mrs. Ida Price, Vice President; Mrs. L. F. Shaw, Secretary; Mrs. E. R. Smith, Treasurer; Dr. C. N. Cooper, J. C. Ainsley and C. H. Whitman.

Dues were received from those present. The Board has met its obligations for the support of the library for the past year, altho the campaign for building funds occupied so much of the public attention that no solicitation for money was made for library work.

Friends and patrons of the library are expected to remember its needs for the coming year and help in its support.

MOTHER'S DAY SERVICE

Next Sunday is "Mother's Day". At the Congregational church the day will be fittingly observed in a rather unusual way. The address at the morning service will be given by a mother about the mothers and children of other lands and what the mothers here can do and are doing to help them. Mrs. Helen Street Ranney who will speak is the secretary of our Woman's Board of Missions for the Pacific and is a charming speaker. The Mission Board is doing some special work just now to celebrate the fitieth anniversary of its organization. Everybody is invited to enjoy this treat with us.

On Sunday evening at 7:30, Dr. Burton Palmer, of Santa Cruz will preach at the Congregational church. Dr. Palmer is well known in this community and we hope many may take advantage of this opportunity to hear him.

LEAGUE TEAM HERE

The State Epworth League Gospel Team composed of seven or eight members will be in Campbell Saturday evening and Sunday. Arriving about 6 p. m. they will be served with supper and later a social for the young people and others interested in their work.

Sunday morning one of the visitors will give a chalk talk for the Sunday School, and the team will have part of the church service, Mother's Day observance occupying part of the time.

In the afternoon the young people will go to Albright's Hill for a conference to be followed by lunch, returning in time for the Epworth League meeting and a full church service. These last will be Evangelistic meetings.

Thos. Sourisseau Dies Suddenly

Just as we are going to Press we received word of the death in San Jose of Mr. Thomas Sourisseau, following an operation. No details were learned but we know that his death will be a shock to friends and acquaintances, few of whom were aware of his illness, as he was about town a few days ago.

The funeral services will be held at the house Saturday morning at 9:30 o'clock and at the Burbank Catholic church at 10 o'clock.

EARLY HOE GETS 'EM

The ladies of the Johnson Avenue Improvement Club held a sunrise lawn party at Arden Station on Wednesday morning between the hours of six and eight o'clock.

Equipped with garden tools, they made a raid upon the growing weeds, receiving much interested attention from passers by going to their morning work by car and auto.

This station with its well kept garden is one of the attractions of that beautiful avenue and the members of the club have reason to feel satisfied with the time, effort and money expended to create and maintain this pretty corner.

The high school students are conducting another competitive paper drive this week to swell the treasury of the Student Body, which is financing the Oriole. In years past the commencement number has been the "Senior Oriole" and that class has been responsible for the indebtedness, but this year it is being supported by the entire student body.

FARM SCHOOL GRADUATES

A good many people, both town and country bred, have wondered whether the graduates of the agricultural colleges really turn to farming or allied pursuits on completing their studies. A questionaire sent out by the University of Minnesota gives evidence that they do.

Out of the first 100 answers returned it developed that 97 per cent of the farm school graduates were either directly engaged in farming or stock raising, generally along highly specialized lines, or were engaged in businesses or professions devoted to the furtherance of agriculture. Only 3 out of 100 had turned to distinctly urban pursuits.

This remarkably high average might not hold in a complete canvass of all the agricultural grads in the country, but it may be taken as a very fair indication of the efforts of education along these lines.

The agricultural school arose in answer to a direct demand and it has come to stay. It bears the same relation to farm life which other colleges bear to commercial, technical or professional life, and it is just as worthy of enthusiastic support.

THE FIRE MURDERER

A request at the National Board of Fire Underwriters headquarters in New York City to be shown the records in the Incendiarism and Arson department, would open ones eyes to dangers never before dreamed of.

If you saw a man arranging a bomb or a rifle so it would kill unsuspecting persons you would not be satisfied until that man was put in a place of safekeeping where he could not further endanger the lives of the public.

And yet day after day the National Board officials find arson "plants" arranged for starting a quick fire in factory buildings, work shops, store rooms, etc., in the most conjested districts in cities. The fact that the "plant" was discovered before the fire started or that the fire was put out without causing death, or destruction of property does not lessen the criminal intent or responsibility that attaches to the person who sets such a death trap. Yet the public pays scant attention to his class of criminals and conviction for arson is most difficult to secure.

If a man carelessly or wilfully runs over you with his automobile, you immediately demand damage. Yet if he carelessly or wilfully burns up your property or causes the death of your family from fire, you never think of attaching responsibility to him. It is this lack of public interest that causes American fire losses to mount to $500,000,000 a year with an annual death total of 15,000 persons.

SAVING GREEN GRASS

The attractiveness of a town depends a great deal on how much its people do to maintain handsome lawns and preserve green grass. This not merely calls for work by householders to make their home places attractive. The people must also contribu e by keeping off spots where an effort is being made to raise nice grass.

It will often happen in towns, that park spaces will be reserved between sidewalks and the street for grass, and the same will be carefully turfed or seeded. But before the grass gets rooted people will tramp over these spots and make it impossible for grass to grow. In many towns people walk over the corners of park spots and private land, and destroy the trim beauty that these spots should have. If people of Campbell will walk on the walks laid out for their use, it will greatly enhance the beauty of the place.

FACTS OVERTHROW THEORY

John Spargo, a noted authority on socialism, recently commented as follows in the Outlook.

"I have to admit that my belief in all forms of nationalization has been so strained that it has become a tenuous thing at best. The collectivism of the war and post-war periods has forced me to admit great disillusionment, to say the least. Wherever one turns for examples, the extensive experiments with nationalization, the substitution of governmental for private or quasiprivate capitalist enterprise, show no results which can be regarded as encouraging or assuring. Everywhere one sees inefficiency, waste, retrogression."

This from a man who for many years advocated nationalization of natural resources and vital industries is a remarkable statement.

He further says:

"Unless I misread the signs of the times, the great need of the world, the fundamental requisite for economic rehabilitation, is a vast strengthening of the capitalist system of the several countries. This requires a tremendous augmentation of private enterprise and the incentives to such enterprise. It requires a great strengthening of faith in the security of investments and the opening up of all possible channels for investment in productive enterprises. It requires the development of a vast army of investors in every country."

BIG DAY POSTPONED

Plans have been under discussion for some time of a community agricultural day under the auspices of the agricultural department of the schols, but the committee, Mr. E. J. Cuthbertson of C. U. G. S., Miss Hanson, Cambrian, and Mr. White, of Willow Glen, acting with the County Superintendent has decided not to hold it this school year, but make more complete plans another year.

But along this line of work, Mr. Waterhouse of the Extension Department of the College of Agriculture of the U. C., has been in the county for some time and Wednesday visited this territory. He gave a lecture showing the work of the Agricultural Clubs of the schools thruout the state, illustrated with interesting lantern slides. One group of three slides were of special interest here, being views of the poultry plant of Gertrude Fink of Cambrian.

These slides show the old and modern equipment and where they came to the attention of the official at Washington, D. C., who has charge of all the agricultural clubs of the United States, he asked for the use of them and the pictures will probably appear in one of the U. S. Bulletins.

By rapid fire work Mr. Whitehouse, with C. E. York, who supervises that work in this region, presented his lecture at the C. U. G. S., at Cambrian and Union Schools, the same morning.

Work of this type is certainly of immediate and practical value both to the students and thru them to those who have not had the same opportunities.

COUNTY GRANGE

Saturday, May 12, is County Grange Day for Campbell. The granges of Gilroy, San Jose, Mountain View and Campbell will unite in a picnic day in which Campbell community is invited to participate.

The day's events will be held on the High School grounds. Beginning at 10:30 a. m., there will be various sports, a tug-of-war, three-legged races, and so forth.

At noon there will be a picnic lunch, each family bringing its own, but coffee, sugar and cream will be provided by Orchard City Grange.

The first part of the afternoon program will be held in the High School Annex auditorium, starting at 1:30. Music will be supplied by the C. U. G. S. band and the Girls' Chorus; Judge F. B. Brown, of the Superior Court and State Master George R. Harrison will speak.

A base ball game between teams from Mountain View and Orchard City Granges will be one of the afternoon attractions. To all of these sessions the public is invited.

At six o'clock supper will be served at the I. O. O. F. hall followed by a meeting of Pomona Grange, these events being for Grangers only.

CARD OF THANKS

We wish to express in this way our thanks for the sympathy and kindness of friends in our recent bereavement.

Mary B. Hurlburt
John D. Blaine
Alda F. Blaine.
Elgin C. Hurlbert.

Vacation Days

THE ITCHING for a vacation becomes acute just about this time every year. This feeling of unrest comes over us when the beauty of spring begins to merge into the comparative grayness of summer. The grasses start to turn dry by the side of the road; the sun strikes down hot in the center of the day—inwardly each of us cries, "Me for the coast or the hills!"

Money—how about the money? Money has been called "compressed labor." In the same sense it is compressed rest, compressed automobile rides, compressed railroad journeys, compressed seaside-cottage rents—compressed many things that make for vacation joys.

If you are among those who have been building a surplus since last vacation season you are glad now. Although there have been no great thrills in stepping up to a bank window and making deposits week after week or month after month, you begin to realize now that the thrills come eventually, and with interest. A surplus is stored pleasure.

In about another month schools will close; so, granting the "where-with-all," it is time to begin thinking about that trip. Look over the fishing tackle, the camera, the hiking clothes, or whatever else means vacation joys for you. Farmers, workers, business men and all, wtth their families, need vacations every year. To know how to play, we need to keep in practice. We'll do our work in the world all the better for it.

Town Tales Tersely Told

Next Sunday is Mother's Day

Mrs. Marion Duncan Parker is down from Crockett visiting her relatives here.

Mrs. Jack Scott and infant daughter, of Madera, are visiting her mother, Mrs. Hattie Dunham.

Mr. and Mrs. Henry Campbell have returned from Capitola where they spent several days at their cottage.

The J. C. Ainsley Packing Co.'s property is being improved by the laying of a wide cement walk in front of grounds.

Mrs. Ruth Chilton Martin of San Francisco was the guest Tuesday of her aunts, Mrs. L. S. Miller and Mrs. R. H. Hyde.

The Pundita Circle will meet May 16 with Mrs. C. E. Hanger on Los Gatos Highway. Roll Call—Mother Goose rhymes.

Next Sunday is "Mother's Day". You will miss a treat if you do not hear the address and special music at the Congregational church Sunday morning.

Mr. and Mrs. Avery B. Kennedy of San Jose are the proud parents of a daughter, born May 7. This makes the ninth grandchild of Mr. and Mrs. R. W. Kennedy.

Sol Jacobs came home from the hospital Wednesday after a serious operation on his throat. He is looking fine and expects soon to be about with more pep than ever.

The new schedule for outgoing and incoming mails has been posted in the Post Office Lobby. Patrons can inform themselves of these hours for their own convenience.

Oluf Strom is planning to leave next week, accompanied by one of his brothers, for an auto trip thru Northern California to Bandon, Ore., visiting relatives and friends at several points in route.

Mrs. Florence Grizzle has purchased from Mrs. Downing-Pullen the building which was recently occupied by Mack's Grill. As yet no tenant has leased the building, but it probably will be in the near future.

Miss Sadie Maxon and Mrs. Mary Lanphear spent several days in Oakland last week with Mr. Francis Lyman and Wednesday, Mrs. Lanphear accompanied him to Los Angeles where he had recently been transferred.

This week a parcel post shipment of 144 gross 20,736 Pennsylvania handmade tennis balls was received at the San Francisco office in a rush order. This made quite a piece of mail in itself. H. C. Smith has a part of that lot on sale at his store.

J. C. Ainsley has bought the building in which the Orchard City Bakery and the Pollyanna Confectionery Store are located. Mrs. B. Downing-Pullen who has owned this building and the store adjoining for many years, is now living in Oakland and finds it inconvenient to see to their upkeep and repair.

Supervisor John Roll has had white fences erected as safeguards on both approaches to the bridge on Campbell avenue over Los Gatos Creek. This should prevent any possible accident and and in view of the many disasters which do occur, is highly appreciated by the many users of this road.

Mr. and Mrs. D. H. Cramer and Mr. and Mrs. Wendell C. Thomas will leave May 12 to attend the principals' convention and the regional conference of Boy Scouts leaders, respectively, which convene at Yosemite Park during the week of May 13. Mr. Thomas who lives near Vasona Junction, is president of the San Jose Scout Council.

Monday, May 14, is the Annual Meeting of the Country Woman's Club, and a full attendance is urged as there must be a majority of members in order to transact the annual business. On account of the noise attendant upon the work on the new building, the meeting will be held at the home of Mrs. Ralph H. Hyde, beginning promptly at 2:30.

R. L. BLAINE AT REST

Our community was startled to hear of the death Friday of one of its older residents and certainly one of the best known in all the vicinity, Robert L. Blaine. Altho many knew of his illness, his early passing was not anticipated.

"Bob" as he was known to his many friends and acquaintances, had during his long years of faithful devotinon to his duties as mail carrier and agent for the city dailies, made a place in the life of Campbell that no one else can fill. Rain or shine, fair or foul weather, made no difference with him, he was always at his post and on time and Campbell streets will not be the same without his familiar figure.

Robert Blaine was born in Lincoln, Ill., Oct. 21, 1863, being 59 years and 6 months old at the time of his passing away.

His boyhood was spent in Illinois and in 1883 the family moved to Dakota where they lived but four years before coming to Campbell, where Robert had lived ever since. He was the son of the late John and Amanda Blaine and brother of Frank A. Blaine, and is survived by a sister, Mrs. Mary B. Hurlbert of Pacific Grove and brother, John D. Blaine, of Campbell.

The funeral services were held Monday morning from the Methodist church, the Rev. F. C. Farr presiding. The large gathering of his fellowtownsmen and the wealth of beautiful flowers testified to the place in the community which this very quiet and unassuming character had earned by his kindly disposition, his dependability and integrity.

"Jesus Lover of My Soul" and "Rock of Ages" were sung by the choir and friends, and the pastor gave a brief account of his life and touched feelingly upon his work here.

The casket was carried by J. B. Strong, Geo. Speegle, Orie Grizzle, Ellis Preston, Ed. Genasci and Clarence Brown and interment made in a beautiful spot in Oak Hill cemetery.

Mrs. G. R. Merriman and Mrs. T. A. Cutting were elected Sunday to represent the Congregational church at the meeting of the Santa Clara district Association of Congregational churches which convened in San Jose Tuesday and Wednesday. This association includes the churches of this denomination from San Mateo to Pacific Grove. Rev. W. E. Eckles is the registrar but was unable to be present on account of sickness.

The Firemen's Annual Picnic will be held Sunday, May 13, at Santa Cruz. Transportation will be provided for those wishing to attend who have no other way of going provided the names are left with Clarence Silva at the Orchard City Market not later than this (Friday) evening. A general invitation is extended.

The party will leave from the fire house promptly at 8 a. m. Basket lunch, coffee, sugar and milk will be furnished but bring your own utensils.

POSTAL ORDER

Order No. 9002.

Section 772, Postal Laws and Regulations, is amended to read as follows:

"Rural carriers shall open and examine boxes of patrons only when signals are displayed to indicate that they contain mail for dispatch. When the mai is collected from the box the carrier shall lower the signal, whether he has deposited mail in the box or not.

"2. The signal on the box is not to be raised by the carrier when he deposits mail therein."

JOHN H. BARTLETT,
Acting Postmaster General.

Beginning May 15, the above order will be put into effect on the Campbell Rural Route. It is hoped that all patrons have become familiar with the change by this time.

The reasons for reversing this custom were first the lack lack of interest by the patrons throughout the United States in keeping the flags on the boxes in working order so that efficient service could be given; secondly, the patron who formerly used his box as his mailing station had no signal that the carrier had served his box.

Hereafter the patron puts the flag up as usual when he leaves mail for the crrier. And the carrier then puts it down after serving the box, thus giving the patron a signal. The flag on the box being down after the carrier serves the box, also eliminates the danger of having the mail stolen or molested.

Church Funerals

—as conducted by the Melvin Funeral Parlors—due to our years of experience and familiarity with all rituals and customs—leave nothing to be desired in the correct, dignified observance of every requisite detail. But many people prefer to have the service in our beautiful Chapel because of its semi-privacy and convenience.
Our unexcelled service, the same to all, whatever the price, includes the use of our private reposing rooms, chapel, free limosine to make necessary cemetery arrangements, and thoughtful attention that relieves the bereaved ones of all details.

at BLAINE'S

In TACOMA it's RED CROWN GASOLINE by 157%

Working in the vicinity of 11th Street and Broadway, our checker questioned 159 motorists concerning their preference in motor fuel. 67 used "Red Crown" exclusively, as against 26 for the nearest competing product—a lead of over 157%.

An all-refinery gasoline, every drop of which vaporizes rapidly and uniformly in the carburetor, giving quick starting, smooth acceleration and maximum mileage, "Red Crown" is *the* popular motor fuel throughout the Pacific Coast.

State News

State banks in California increased their assets by $100,743,138.22 between December 29, 1922, and April 3, 1923, according to figures released by the superintendent of banks.

The project of the Webb transbay bridge from Litle Coyote Point in San Mateo county, to Alvarado in Alameda county, is to be incorporated under the title of the San Francisco Memorial Bridge corporation, according to announcement.

A campaign of education is to be inaugurated at Huntington Park to acquaint the thousands of residents and property owners in the proposed central metropolitan sanitary district of the great necessity of a sewer system.

Because some fruit given him was beginning to spoil and he thought such waste of good fruit was outrageous, Louis Armento of Laverne excused himself of the charge of making alcoholic liquor at his home. His plea failed to impress the judge.

Police Lieutenant Richard A. Foley San Francisco, is charged with attempted intimidation of a witness, who will appear against Peter and Tom McDonough and their nephew, Harry Rice, when they are tried for alleged violation of the federal prohibition laws.

The California Federation of Women's clubs branded the manipulation of sugar prices as "one of the most atrocious crimes against civilization." The accusations and demands are embodied in resolutions sent to President Harding, members of the United States senate and the National Federation of Women's clubs.

Mrs. Effie Bradley Strickland, daughter of John H. Bradley, publisher of the first paper in Ventura, April 22, 1871, died April 27. Mrs. Strickland, who was born in 1873, spent all her life in Ventura until eight years ago when she went with members of her family to Los Angeles to live.

A drive is on against oil sharks who have been preying on Civil war veterans at the Sawtelle Soldiers' Home. It is said the high-pressure salesmen appear every month when the pension checks come in and foist worthless oil stocks on the veterans, and that old soldiers have been defrauded out of over $250,000 in the past three months in this manner.

During a recent jailbreak at San Louis Obispo, several citizens are said to have been interested spectators, but did not notify the sheriff, or give away their knowledge. Then to cap the climax several cases of rare liquor disappeared from the jail storeroom. Whether people outside managed to siphon the liquor, or prisoners broke in and drank it, is unknown but Sheriff Taylor thinks cooperation is sadly lacking in either case.

Amador county folks are up in arms about an old rusty cannon. The gun was used during the Civil war and later came into the possession of the Volcano Blues of Amador county. It was loaned to Sacramento for the '49 celebration. Amador county wants it back. Officials of the '49 celebration say it was agreed to donate the cannon to the state library. Amador county organizations have begun a movement for the cannon's return.

Los Angeles officials refused to allow L. G. Weckdaugh, Los Angeles salesman, to carry out his plan of taking a five-hour trip to the "hereafter." Wachdaugh wanted to have doctors stop his heart action for five hours and then bring him back to life with adrenalin. They said stopping a man's heart action deliberately would be killing him, and any doctor who undertook to do it would be prosecuted for manslaughter.

Recovery of $21,000, of which $16,000 is said to have been misappropriated, is sought in a suit filed in the superior court by San Bernardino county jointly against its former auditor, S. G. Berger, and the American Surety company, the directors of which issued a $5,000 bond to Berger. In a statement Berger announced that he would fight any action to foreclose on his bond or to force him to pay $16,000 said to have been embezzled.

Numerous improvements in train schedules and service, between the Phoenix district and San Francisco and Northern California, will go into effect on the Santa Fe May 13. In the San Joaquin valley two new trains are to be added, while two trains will be taken off with the change of routing of other regular trains with schedules and service intended to improve facilities. Another new train will be on in the Los Angeles division between San Bernardino and Riverside.

Gross-Jenkins

Miss Mabel T. Gross and Desmond T. Jenkins of Los Gatos were married Saturday, April 28, in San Jose. Mrs. Jenkins is a daughter of Mrs. Sarah E. Gross who lived for some years in Campbell on a ranch on Rincon Ave., and Mr. Jenkins is a counsin of Mrs. W. I. Merrill and is a well known attorney with offices in San Jose. Upon their return from a wedding arip Mr. and Mrs. Jenkins will reside in Los Gatos where the groom's mother also has her home.

W. E. Eckles who has been quite ill with tonsilitis is improving but will be obliged to remain quiet for several days.

UNCOVER IRISH PLOT

RAIDS IN LONDON BARE BIG CONSPIRACY

CABINET MEMBERS DOOMED

Extremists of Erin Map Bomb Attacks On City Utilities--- Plan Jail Delivery

London.—Irish extremists who plotted the destruction of the city's utilities and aimed at the life of a former cabinet member, are believed to be in hiding. Documents seized in the raids which netted two men contained the floor plan of a former cabinet member's house. His name was withheld. There was also the complete plan of Brixton prison, where it is thought the extremists intended to open the gates and set their comrades free. The guard at the prison has been increased. A list of names of extremists was also found. Many of them were described as having qualifications as "gunmen."

Police activity was aroused by a recent threatening letter received at the London office of the Freeman's Journal of Dublin and signed "headquarters of London battalion of the Irish Republican army." The police concentrated their efforts upon capture of the commandant of the "London battalion."

Women Urge World Court

Des Moines.—After many attempts as amendment and substitution had been made, resolutions indorsing America's entrance into a world court was first voted down, and then reconsidered and passed by the National League of Women voters' convention here. Questioned and heckled from the floor for almost an hour after his speech before the league, Lord Robert Cecil alternately defended and explained the League of Nations. Protection of women and children in industry, suppression of vice and equal rights of husband and wife in each other's property compose the "plan of work" adopted by the league.

Is King Benjamin Dead?

Lansing, Mich.—Rumors that Benjamin Purnell, missing leader of the Israelite House of David, is dead, and that his body has been secreted in an underground tomb at Benton Harbor by his lieutenants in order that his claim to immortality might not be exploded, probably will be investigated by state officials. Purnell last was seen by those closely associated with him at Christmas time last year, according to their statements. He was ill and announced he was going away for a rest. The latest rumor is that he died and that a tomb was fashioned by his lieutenants in the underground passageway and his body hidden.

Mathilda In Modest Quarters

London.—A middle-class romance preceded the marriage of the young millionairess, Mathilde McCormick, to Max Oser, Swiss riding master. Hidden incognito in a little London flat, Mathilde went to movies with Max, and led the life of a happy girl, free from the cares of wealth. They dined at small restaurants and went to modest theaters until they were married. They then left for Scotland on their honeymoon. These facts were ascertained when the landlady at the home where Max stopped was discovered by the United Press.

Bryan Wants New Law

Charleston, W. Va.—Legislation against teaching "as true, either Darwinism or any hypothesis that there is a blood relationship between man and the animals," was urged by William Jennings Bryan in an address to the West Virginia legislature. "Don't put any penalties in your law," he said. "You are not dealing with a criminal class. All you need to do is tell them they can't do it and they won't do it. No man who believes that he's got the blood of a brute in him will be a martyr for anything."

Admiral's Body Cremated

Washington.—The United States navy will carry out the last request of Rear Admiral Harry S. Knapp, one of its most distinguished officers, that his body be cremated and his ashes scattered over the sea on which he served so long. Admiral Knapp died April 6, after a distinguished naval career extending over forty years. He was one of the American naval experts at the Paris peace conference.

Joaquin Miller Statue Unveiled

New York.—A bust of the great California poet, Joaquin Miller, sculptured by Gertrude Boyle, has been unveiled in the studio of the sculptress in Greenwich Village. The bust is to be placed by the California society in the poet's cabin, now located at Rock Creek Park, Washington, D. C.

Madness Threatens Heir

London.—Former Crown Prince Frederick William of Germany is suffering from a mild dementia. Two Berlin alienists examined the exile at his island home and reported him suffering from mild and probably progressive dementia. William's sudden interest in religious works and lengthy application to hymn books aroused discussion, but when he conducted revivals with the servants for a congregation the alienists were summoned, the story stated.

New S.P. Time

The train service thru Campbell was changed yesterday, the forenoon train now leaving at 10:48, and the afternoon train at 3:25, leaving from and returning to the Oakland Mole instead of the San Francisco station. Other changes over the Los Altos cutoff and thru San Jose have also been made, which provide excellent service in and out of the cities.

The changes in the local service makes it more convenient for the hatcheries, as baby chicks can now be shipped by parcel post from Campbell. Heretofore they have been taken to San Jose to catch a train to the Oakland side of the bay which was a quicker route. It is also better for rural patrons as the carrier is back from his day's trip in time for mail to be sent on the afternoon train.

Festival May 11

The May festival will be this Friday, May 11, at the new Grammar School auditorium. There will be an evening and an afternoon program free, the evening at 8:00 sharp and the afternoon at 2:00. Be sure to visit the following: The zone, souvenir shop, dime museum, fortune telling booth, nigger babies, cafeteria, zoo, Spanish dancer, fish pond, strong man, and various other attractions. The program consists of plays, dances, songs and number by the band. There are also an art gallery and booths for candy and ice cream.

The cafeteria is now opened and is very popular. It serves every day and gets good business.

Stereopticon pictures and lectures on the Agricultural Clubs in California are given the students.

Miss Fablinger's room gave a very interesting play last Friday which struck everyone as being extra funny. The name of the play was "Coon Concert" given by disguised "coons". Miss Ham's pupils also had very interesting exercises, dances and other numbers. Our assemblies are usually very interesting but especially the last.

The Campbell School has formed a league of four teams, Giants, Cubs, Yanks and White Sox. The first games were played between the Giants and Cubs and the White Sox and Yanks, the Yanks and the Cubs winning. The second series was between Giants and White Sox and the Cubs and Yanks. The winners of this series were the Cubs and Giants. The third series is being played now—Cubs and White Sox, Giants and Yanks. The standings so far are:

	Won	Lost	Per cent.
Cubs	2	0	1000
Yanks	1	1	500
Giants	1	1	500
White Sox	0	2	0
